

## Tapes for a Broad Range of Applications

Magnum Tapes & Films® offers broad-ranging capabilities in pressure sensitive adhesive tape manufacturing. Our tape products include both rubber and low-VOC acrylic adhesive systems engineered for your application.

Our state-of-the-art facility allows us to manufacture high-quality adhesive tape products, while affording us the flexibility to be responsive and nimble, with excellent product value, and outstanding service.

## Construction

Magnum's tape products are manufactured in several configurations:

- Single-coated
- Double-coated (Including combinations of differential adhesives and thicknesses)
- Self-wound
- Transfer tape

## Release Liners

Choose the release liner options that best suit your specific application:

- Several thicknesses and release factors available
- Single liner or double liner construction available on transfer tapes

## Adhesives

- Permanent rubber
- Permanent, low-VOC acrylic

## Roll Sizes and Lengths

Magnum has the flexibility to offer a selection of stock products as well as custom and non-standard sizes:

- Standard roll widths of 44", 50", 54" and 60"
- Standard roll lengths 750' to 3,000'
- Slit widths available from 1.5" to 60"
- Standard core size is 3"

### Packaging

- Multiple pallet sizes available to accommodate various roll sizes
- Base and top plate with core plugs
- Up to 9 rolls per layer
- Slip sheets between layers
- Chip board cap
- Stretch wrapped

### Our Promise to Customer Service

We pride ourselves on exemplary customer service. We offer genuine, customer-oriented solutions that beat the competition.

**Rely on the Magnum® promise: Quality, Service, Delivery, Value.**
